Mayor Laurene Weste
City of Santa Clarita
23920 Valencia Blvd., Suite 300
Santa Clarita, California 91355

RE: REMO, Inc. support for Annexation of our properties
into the City of Santa Clarita

Dear Mayor Weste;

Several years ago, REMO Inc. was pleased to indicate its support for having our World Headquarters properties annexed into the City of Santa Clarita.

Our position of annexation support resulted from extensive consideration of all the issues of importance to our company, which is one of the largest manufacturers of musical instruments in the world.

Lower utility costs, our taxes spent locally, and a locally elected, locally based government were a few of the compelling reasons for our choice.

Our position has not changed, and is now perhaps even more positive. We therefore are pleased to join with our Castaic neighbors, and welcome the support from the City Council for a prompt Annexation that includes REMO and the Valencia Commerce Center.

We will, of course, still be a part of Los Angeles County when our annexation concludes. What we will have achieved is to help create what we all desire, which is a thriving community unified as One Valley, One City.

Sincerely,

Doug Sink
Chief Financial Officer
